# GLAC AFRICA

Ideas of the New  
**AMBASSADOR, Fabrice  
MUCHIGA**

- **1. In the short term** (over next 3 – 6 months) Support and leverage the assets and engagements of the GLAC members particularly those on the frontline of COVID-19 interventions in the continent, scale the impact
- **2. In the intermediate:** Support at least one major/flagship social impact work per region on the continent. Focus on collaboration,
- **3. In the long run,** we aim to support multiple interventions across the continent and create a hub of innovators and changemakers rooted in the continent but with access to global expertise from a wide area of strategic and functional areas

## Our Common tasks

- Share goals and strategy known by all members

- Operationalization of the strategy

- Building momentum around the strategy

- Setting up collaborative activities

# **My call to you dear friends**

- Servant leadership
- Creating value for ourselves and our work!
- Let's collaborate and make our first steps
- Becoming intentional and supportive
- I call for your support, your help in this journey

# Remember this

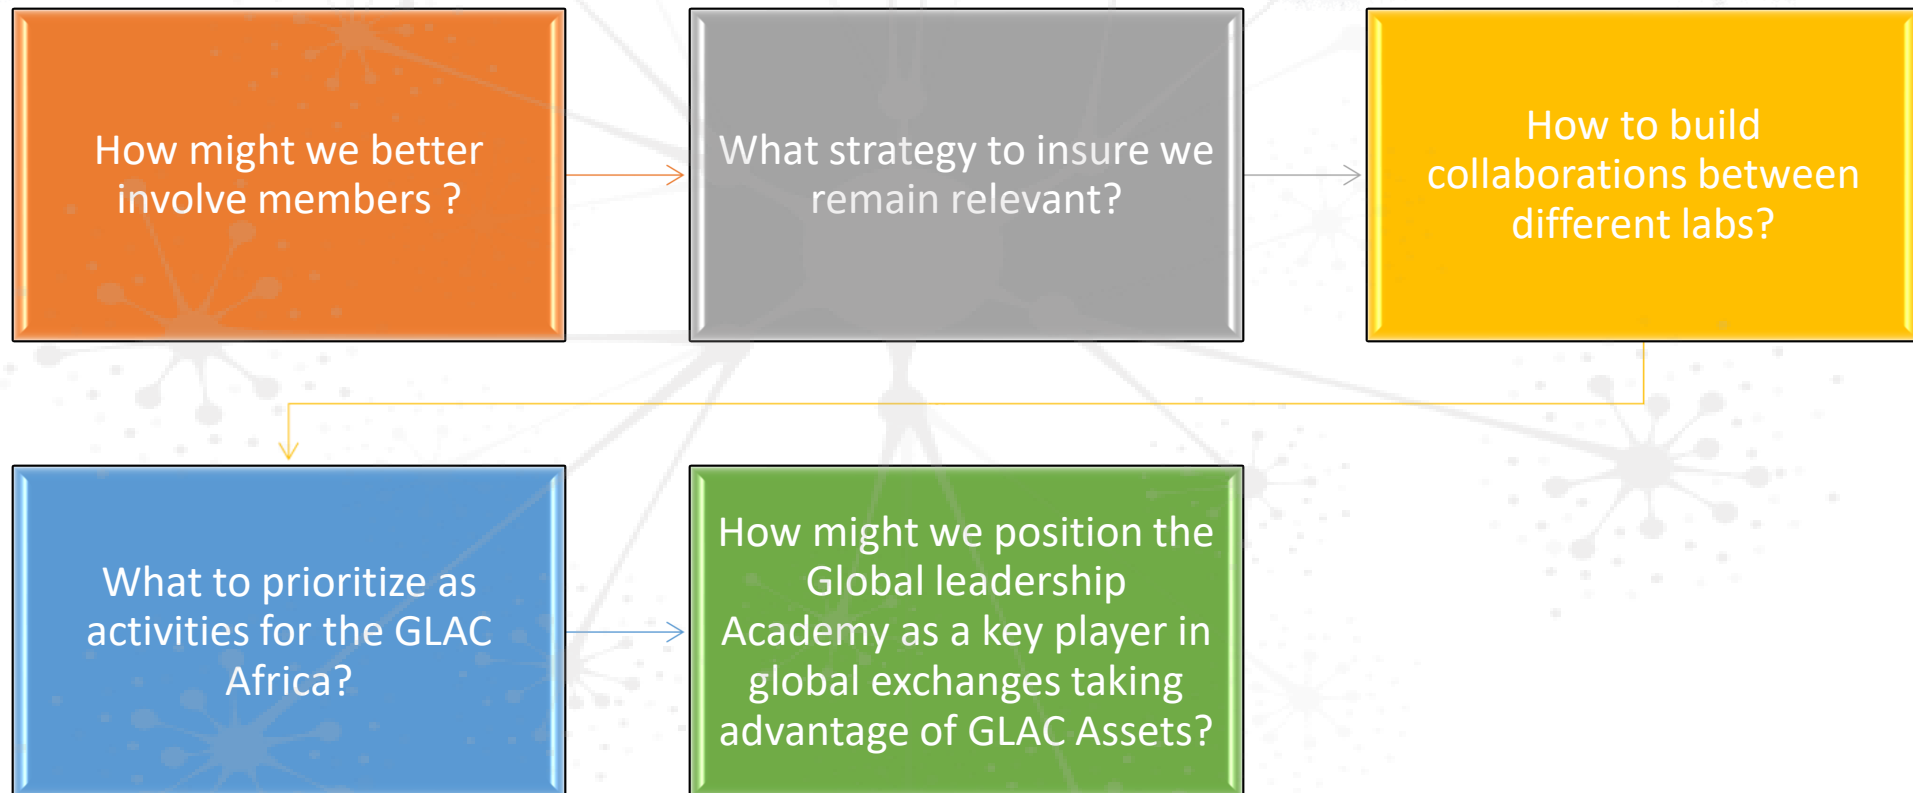

- We might not have all answers to your questions but we can look for them with you
- Balance work and network! We value your work
- You are part of one of the most amazing networks in the world and which had impacted lives, people, countries,...
- •What can we do with such a great network of talented assets?

My Widely  
important Goal  
as Ambassador

- 
- Building a community of **relevant** and **servant** global leaders who tackle the most pressing global issues from Africa, in Africa and the Globe
